

The New Addition

February 22, 2009

After a saying goodbye to a longtime friend of 13.5 years, Dan realized it was time to either get married or find a new friend. So he scheduled an appointment at the local Chula Vista Animal Shelter in hopes of finding a new family friend.

His experience at the Chula Vista Animal Shelter was very pleasant. Mariya greeted him and directed him to Linda, the keeper. Linda walked us out to the kennels where the dogs were being held.

He noticed that most of the kennels were filled with more than one dog. When questioned, Linda explained that with the economy, people were dropping off their household pets and, therefore, the shelter was full. Though this is very sad, all the animals looked clean and happy.

Linda was a great keeper that listened to Dan's needs. The second dog Linda brought to the yard was love at first sight for Dan. Though "Ozzie" is not leash trained, he is a very smart dog with a great personality and followed Dan around the yard.

Dan was pleasantly surprised to find that he qualified to receive the senior adoption fee rate of \$25.00. This included having Ozzie neutered, bathed, micro-chipped, and all his shots. Wow, what a great package!

It has been just over a week since Ozzie came home with Dan. Ozzie has settled into his new house and has taken a liking to the couch. Ozzie has become a wonderful addition to the family.

Dan's experience adopting Ozzie could not have been any better. He would like to thank the staff especially Linda, for listening and truly having an understanding of the shelter animals.

Dan Pagano & Ozzie
